## COURSE INFORMATION:

## CORRESPONDENCE CORSET DESIGN COURSE

COURSE CONTENT:	This course features <b>The Modern Corsetiere</b> , a book written by principal, Marlene Oosthuizen, and features all aspects from designing, patterns, construction and fitting of corsets, also using the X!act Design Patternmaker set to draft the basic block used for drafting corset patterns. The book also demonstrates how to adapt existing patterns and also how to use other basic slopers and blocks and adapt these to the designed corset style. The book also looks at various experiments carried out in modern corset-making techniques, and also features many 'design secrets' in boning and interlining methods.
COURSE DURATION:	As this is a Correspondence course, you can complete the course in your own time
COURSE REQUIREMENTS	You will receive the book as well as lecturer assistance. If you are not experienced in drafting up basic block patterns, then you should first complete the NWSD Correspondence Pattern Designing course. For the experienced patternmaker, this course then only includes the book and lecturer assistance
COURSE FEE:	Fee structures, material-and-equipment requirements are Available by submitting your contact details on the CONTACT US page or email us: <a href="mailto:nwsd@gds.co.za">nwsd@gds.co.za</a>
COURSE OUTCOME:	Certificate once completed corset has been completed and assessed
